Re: Waukegan Coke Plant L0971900047
Approval of the Phase II Work Plan

Dear Bill,

Per our conversation yesterday afternoon with Barr Engineering this letter gives written approval by the IEPA for the Phase II Work plan, as amended in the June 30, 1993 response to our combined comments. The schedule in attachment 2 will need to be revised to reflect the date of approval. Some of the items listed in the schedule could be combined so as to expedite the RI/FS time frame.

This letter will also serve as written notice to you that Jerry Wilman of our staff will be the official project manager for this site from this date.

If you have any questions please feel free to call me at
(217) 524-6365.

Have a nice day.

Sincerely

T.E. Fitzgerald
Project Manager/ Environmental Engineer
Federal Sites Management Unit
Remedial Project Management Section
Bureau of Land
